HUNTING AREA Munyamadzi

Munyamadzi is the name of this 20.000 ha private game reserve, which lies on the banks of the River Luangwa next to South Luangwa National Park. Munyamadzi is one of Zambia's best and most attractive game-reserves. To the north it is bordered by the South Luangwa National Park and a number of other private big-game reserves. To the west lies the West Petauke Game Management Area and the River Luangwa. Naturally none of this area is fenced. One of the things that makes Munyamadzi unique is that there is no governmental interference in this district, as it is a private game reserve. During your hunt you will be accompanied by a "Gamescout", as well as your PH and your trackers. During your hunt the whole reserve will be at your disposal. The district itself is outstanding and Munyamadzi leaves you with the impression that this is how a real big-game hunt in Africa really should be. The varied landscape offers dense bush along the river, open plains with scattered vegetation away from the water, together with mountains to the east. It is a unique district and one you really should experience.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
