HUNTING AREA Sefag/Labod/Szantód

The state forest district consists of a total of 8 hunting areas and is located in the southwestern corner of Hungary. Altogether, the area is one of Hungary's largest at a total of 104,000 hectares, which are located in Somogy County, which is described as one of Hungary's game richest regions at all.

Some of the largest hunting areas are called Lábod and Szantód. Here you can experience an intense fallow deer hunt in October, where the forest is full of grunting fallow deer all day long. At the same time, the quality of the game population is top notch and the extremely professional and strict management ensures excellent genetics and trophy quality.

All the areas are home to excellent populations of fallow deer and an appropriate number of deer as well as doe and calves are killed annually, which are predetermined in relation to a set shooting plan. Due to the enormous size of the area, it is no problem to organize individual hunts for larger groups of up to 8-10 hunters. The associated hunting guides have extensive experience in deer hunting and can estimate the trophy size very accurately.

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 countries and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
