ACCOMMODATION

Accommodation in Slovakia

Accommodation is provided in selected hotels or guest houses, depending on which districts you are hunting in. In some districts it is possible to stay in a hunting lodge belonging to the district itself.

Full board is provided during your stay. Breakfast will be served in the guesthouse before the hunt and lunch will be provided during the hunt. After hunting, hot soup is typically served once the parade is over. Back at the guest-house a late dinner will be served during the evening.

Hunters will typically sleep in two or three bedded rooms unless otherwise arranged. Your accommodation will have its own restaurant and bar, as well as a private lounge where the hunters can enjoy spending time in each other's company.

PARTNER Our Partner in Slovakia

Our excellent partner here, Tomás, is a new hunt organiser in Slovakia who can offer hunting over most of the country for all hunt able game species. He works together with some of Slovakia's best private hunting districts, and does a lot of work in advance to always be able to offer visiting hunters the very best hunting districts available.

Our partner is very particular about the quality of the hunts and you, as our customers, will always be offered a well-tested district with first class hunt organisation.

Well organised driven hunts can be arranged for larger groups, as well as individual hunts for red stag, fallow buck, mouflon and hind stalking.

The outfitter, Hunt in Slovakia, is your guarantee for a good experience when visiting Slovakia on a hunting tour.

HUNTING AREA Driven Hunts in Slovakia

Our Slovakian driven hunts are generally arranged with private districts/hunting clubs, which range in size between 2,000 and 10,000 hectares. Depending on the size of the district's and game you wish to hunt for, you can change district from day to day, and there will be a suitable number of beaters and dogs at each individual district.

Normally 2 - 4 large drives will be carried out per day, during which the beaters move around the district, setting the game in motion. It is not unusual for each drive to last between 1,5 - 2 hours.

Depending on the district you are hunting in, hunt able species normally include wild boar, red deer, fallow deer, mouflon and fox (only non-trophy deer and mouflon)

Trophy pricelist

Shot game is settled according to the following pricelist and includes all wild boars and females and calves from red deer, fallow deer and maybe mouflon sheep/lambs. All shot game is shared by the group and each hunter must pay the same amount according to the number of game shot each day.

OBS: It is not allowed to shoot trophy game (red stag, fallow buck, and mouflon ram) on the Slovakian driven hunts.

For good order it should be mentioned that the driven hunts are not wild boar driven hunts, but a combination of the different game species such as wild boars, red deer, fallow deer and maybe mouflon. The districts expect that the hunters shoot at all kinds of game.

The Slovakian hunting areas are divided into different categories depending on the standard and game population. Our partner has access to more than 50 hunting grounds in the southwestern part of Slovakia, and these are categorized as “standard”, “premium” and “premium plus”. Normally we as a minimum offer “premium” areas, but you can choose to add 1-2 days in a “premium plus” area.

Usually a group of good shooters can expect the following results per hunting day:

Standard area – 10-25 pieces per day

Premium area – 20-24 pieces per day

Premium plus – 25-50 pieces per day

The hunt takes place in free range districts, and we cant give any guarantees for a certain number of game at the parade. Also the shooting skills in the group as well as the weather can have a big influence on the final result.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
